ROADMAP

2020

CAMPUS MASTER PLAN

Again this year, our Grand Master has proclaimed the month of June to be "**Masonic Homes Month**" and asks that we contemplate how by *honoring the past* services of our Masonic Homes, we can recognize and enhance its role in *shaping our future* as a vibrant element of our fraternity that cares for the most vulnerable among us. He further requests that the services and resources of this organization be emphasized at our Lodge meetings this month.

One of the key elements of our providing high quality compassionate services and care at the Homes is keeping its facilities, along with its services and programs, in the best shape possible. A Campus Master Plan, titled "Roadmap 2020", was established several years ago to replace aging facilities and to provide new facilities for added levels of care, as well as to add new residences to shorten the waiting period.

A major element of this Plan was recently realized at the Covina Homes as ground-breaking ceremonies were held in March for the construction of a new skilled nursing, long term care, and memory care center there. It will finally allow the same level of care here in the South that Brothers in the North have had for some time. Please continue to give to the "Let's Write the Future" campaign, to keep this going!
